About Me

I am a motivated and enthusiastic fresher with a strong interest in learning new technologies and developing my professional skills. I am a quick learner with good communication, problem-solving and teamwork abilities. I am passionate about improving my knowledge, accepting new challenges and contributing positively to an organization's growth. I am looking for an opportunity to start my career and gain practical experience.

Projects

Dictionary App

Using node js in visual studio
Dictionary App is a web-based application that helps users find the meanings of English words, synonyms, antonyms, pronunciation and translations into other languages.

Doctor Consultation App

Using Java script and mysql
This application that allows patients to find doctors, book appointments, consult doctors online and receive digital prescriptions. It helps improve healthcare accessibility and simplifies the appointment management process.
